Muscle Minds
JB Sports & Exercise Therapist

SPORTS THERAPY

DEEP TISSUE MASSAGE
30 MINUTES - £25
60 MINUTES - £50

WITH MYOFASCIAL DRY CUPPING
30 MINUTES - £35
60 MINUTES - £60

KINESIOLOGY TAPING
PER APPLICATION £5

SPORTS THERAPY INFORMATION

WHAT IS DEEP TISSUE MASSAGE ?
A deep tissue massage is where deep pressure is applied rather than relaxation techniques. Sports massage is generally used to help relax the muscular skeletal system as well as being directed towards any problem.

BENEFITS
Release and relieve muscle tension.
Improves circulation.
Encourage removal of waste products.
Promotes recovery from exercise.
Reduces injury.

WHAT IS MYOFASCIAL DRY CUPPING ?
Cupping is whereby a local suction is created on the skin by application of cups.

BENEFITS
Helps increase blood circulation to the area where the cups are placed.
Relieves muscle tension.
Promotes cell repair.
Reduces pain and inflammation.

Why do you bruise?
Suction force breaks tiny blood vessels under the skin called capillaries, which causes redness upon the skin.
Darker suction circles indicate deep tissue injuries or increases toxin levels in that area.
Although the marks which are left look like bruises, these are in fact true bruises which injure muscle fibres.

WHAT IS KINESIOLOGY TAPING ?
Kinesiology taping is a therapeutic tool utilised when an injury is present.

BENEFITS
Reduce pain.
Reduce swelling and inflammation.
Provides a support to the joints or muscles.
